PROFILE

Pursuing a Bachelor of Computer Applications with a solid foundation in programming and a growing focus on front-end web development. Passionate about crafting responsive, user-friendly web interfaces using HTML, CSS, and JavaScript. In parallel, I'm deeply interested in game development—fascinated by interactive design, real-time logic, and immersive experiences—actively building projects to hone my skills as a future game developer. Continuously learning new technologies and eager to contribute to innovative, engaging digital products.
